# Acceptance Testing

Acceptance testing is the last chance to ensure the solution is going to work before “going live”. Get this wrong and the consequences could be enormous

## Abstract

Getting the business involved in testing the solution being delivered to them is key to a successful implementation. However, they need to gain the skills to test the solution thoroughly. This Acceptance Testing workshop will deliver the essential skills to acceptance test a solution. It explains key testing concepts, testing roles and responsibilities and how testing fits within the project lifecycle. The training is supported by a series of case study exercises

## Who should attend

This workshop is intended for anyone who has responsibility for organising and conducting acceptance tests on a solution

## Syllabus

### Testing Principles

- The importance of testing
- The testing challenge
- Testing defined
- The purpose of testing

### Types of Tests and the Lifecycle

- Static and dynamic testing
- Reviews, walkthroughs and inspections
- The testing lifecycle
- Testing levels

### Test Planning

- Business priorities
- Risks
- Definition
- Test Plan Components
- Testing Schedules

### Testing Techniques

- Testing Approach
- Equivalence Partitioning
- Boundary Testing
- Seeding

## Objectives

- Understand the importance of acceptance testing
- Gain familiarity with current testing principles
- Understand the testing lifecycle
- Develop test preparation skills
- Learn about best practice methods of testing
- Gain familiarity with testing management practices.

### Test Preparation

- Acceptance criteria
- Test Case Preparation

### Test Execution

- The test environment
- Testing process
- Testing tools

### Test Management and Control

- Test register
- Defect tracking
- Test reporting

### Test Completion

- Signoff and approval to proceed
- Post-testing review

This is a hands-on workshop and participants will be given opportunities to develop and practice skills using case studies and exercises in a supportive environment

Course Length: 1 day  
Course Code: ATSTPMC1  
PDU: 7
